

August 18, 2014

To Whom It May Concern:

The purpose of this letter is to explain Surge Suppression Incorporated's position on ROHS as it relates to our surge protective devices (SPDs). These products are exempt from the WEEE and RoHS Directives because they are NOT within the scope of the RoHS and WEEE Directives per WEEE, Category 6, Annex IB: "Machines or systems consisting of a combination of equipment, systems, finished products and/or components, each of which is designed to be used in industry only, permanently fixed and installed by professional at a given place in an industrial machinery or in an industrial building to perform a specific task."

SSI looks forward to the opportunity to serve your surge protective device needs.

Sincerely,
Ricky J. Fussell
Electrical Engineer
Surge Suppression Incorporated
